

PILLARS Behavioral Statement

The Rock Academy and staff of the PILLARS program recognizes the reality that students with learning challenges also may at times exhibit certain behaviors in the classroom that interfere with not only the learning, but the learning of other classmates. Support is given to students to assist in appropriate classroom behavior and social skills. However, we are unable to meet the needs of students who are in need of behavioral modification programs at more than a minor level.

If academic or behavioral concerns persist, a probationary period will be initiated. Removal from the program will be the result of continued behavioral infractions.

The Rock Academy's PILLARS program is a privately run program developed to help students who learn differently. We do not use federal funding; therefore, we do not function under IDEIA regulation. The purpose of the program is to offer enrolled students extra support in order to help them navigate through their academic courses successfully. If, for any reason, the Administration deems suspension or expulsion for a PILLARS student necessary, we reserve the right to make such a determination. By signing below, we the parents of _____, agree to this policy and agree to follow the standard of behavior and conduct for all Rock Academy students.
